MILO FIRE & RESCUE RECEIVES DEFIBRILLATOR - Mayo Regional Hospital President & CEO Marie Vienneau recently presented an Automated External Defibrillator unit to Milo Fire & Rescue Fire Chief Dave Preble. Also in the photo are assistant fire chief Kevin Black and Cal Wilson, Director of Mayo Materials Management and the co-chair of Mayo's Service Excellence Committee. The Service Excellence Committee is committed to community outreach and support. An automated external defibrillator (AED) is a portable device that checks the heart rhythm and can send an electric shock to the heart to try to restore a normal rhythm. AEDs are used to treat sudden cardiac arrest (SCA). AEDs make it possible for more people to respond to a medical emergency where defibrillation is required. Purchase of the AED was made possible by the Dennis Allen Memorial Golf Tournament Fund. The fund was named in honor of Dennis Allen who died suddenly in 2008 from a heart attack. Allen was the Chief Financial Officer at Mayo Regional Hospital for many years.

EAST SANGERVILLE GRANGE WELCOMES BACK THE PRESS GANG - The Press Gang will play at the East Sangerville Grange on Saturday, March 7 at 7 p.m. It has been four years since the Portland-based Press Gang last played at the East Sangerville Grange Coffee House. This high-energy trio delivers traditional tunes from Ireland, Quebec, Appalachia, Scotland and New England with real zest - and a fair bit of humor. The group is known for its "musical sense of adventure" and for shows that are always spontaneous and fresh. Since their first appearance at the Grange, The Press Gang released its second CD and has expanded its tour circuit to include prominent venues in Massachusetts, New York, and Vermont. Tickets will be available at the door or two weeks in advance at Bob's Home and Garden in Dover-Foxcroft. Tickets can be reserved by calling 564-8596. Doors open at 5:30 p.m. For ticket price and more information about The Press Gang, visit www.grange.org/eastsangerville177/upcoming-events/.

Center Theatre offers "In The Blood" on March 6

DOVER-FOXCROFT: The Center Theatre in Dover-Foxcroft announces a one time performance of *In The Blood*, a live docu-exhibit illustrating the life, skills, & character of the turn-of-the-century Maine lumbermen & river drivers. *In The Blood* will be performed at the Center Theatre on Friday, March 6 at 7 p.m.

"We brought Summer McKane and his other piece, *The Maine Frontier*, to the Center Theatre last year," says Executive Director Angela Bonacasa, "and the response was so overwhelming that we had to bring *In The Blood* here as well. It isn't often that we are fortunate to have access to an artist with such a strong connection to Maine history."

In *The Blood* uses the most captivating rare films and photos that Maine's archives have to offer. After over 3 years of research, combing libraries, museums, historical societies and archives, these films and photographs have been handpicked with careful consideration. By taking such steps as creating 3D images out of 19th century photographs and editing historic footage and interviews to be clear and audible for all audiences, *In The Blood* has broad appeal and is an engrossing exhibition of film, music and history.

The musical score for *In The Blood* was composed to reflect the moods and environment of the films, photos, and stories. Based on composer Summer McKane's own brand of ambient Americana, there are elements of ethereal soundscapes and textures, country-blues, post rock, hopeful melancholia, and traditional lumbermen's melodies - deriving from celtic and english folk songs. Melodic electric guitar and bass join textural sequences and manipulated loops of percussion, of which 80% were sampled from actual woods sounds (leaves rustling, axes, logs rolling, trees creaking, and walking in snow).

General Admission tickets to *In The Blood* are \$10, and are \$8 for advance tickets, Seniors, Students, and Center Theatre members. Tickets can be purchased by calling the Center Theatre Box Office at (207) 564-8943, stopping by the theatre at 20 E. Main Street, Dover-Foxcroft from 10 AM-3 PM Tuesday-Saturday, or by going to the website at www.centertheatre.org. The Center Theatre is a non-profit performing arts center dedicated to making the arts a part of life in the Maine Highlands.

GFWC Miosac sponsors Sebec Lake "Ice-Out ..."

SEBEC - The GFWC Miosac Club is conducting its 2015 Sebec Lake Ice-Out Contest. Tickets may be purchased from any Club member from now through March 31.

Monies raised will be used to maintain a variety of Club projects in the Dover-Foxcroft area. Tickets are available for \$1 each or six for \$5. The person who guesses the closest date and time the ice will go out of the Narrows at Sebec Lake will receive a \$100 check.

Ice-out dates on Sebec Lake have been recorded since May 1879. Research on the dates was released by the Sebec Lake Fish and Game Association with the assistance of Ruth Weatherbee. In the spring of 1976, former GFWC Miosac Club member, Laura Stacey, came up with the idea of a Sebec Lake "Ice-Out" Guessathon. It is now known as the "Ice-Out" Contest. This has become an annual event for the Club since its inception with much anticipation from local residents. This year's judge will be Dennis Hersey.

For more information or for tickets, please call Anne Cress at 717-7576.

"Gasland 2" movie should spark discussion

by Sam Brown

DEXTER - Dexter Dover Area Towns in Transition (DDATT) will sponsor the two-hour long film "Gasland 2" at the Abbott Memorial Library in Dexter at 6 p.m. on March 6 as part of its ongoing First Friday free movie sessions, followed by vibrant public discussion.

Over the past decade there has been a rush for oil and natural gas across America using the controversial drilling method of hydraulic fracturing, or "fracking". The new techniques, technologies, and chemicals used are more intensive and riskier than conventional oil and gas drilling.

"Gasland 2" argues that the gas industry is using its wealth and power to influence government policy on fracking, while buying the silence of countless American homeowners forced to move out of their longtime homes because their water has become too polluted to drink. Even though Maine itself does not sit above natural gas fields, the implications of fracking elsewhere in the Northeast and our continued dependence on all forms of fossil fuel use are important to Central Maine residents.

DDATT's mission is to inform ourselves on how our energy choices affect our environmental, political, and economic lives. "Gasland 2" examines these issues. Please join your neighbors in Dexter on March 6 to learn about our options.

For more information on DDATT and future events, email info@ddatt.org to get on email list, or call 277-4221 or 924-3836.

HONORING A 40 YEAR MAINE MARINE PATROL CAREER - Senator Paul Davis (R-Piscataquis) and Representative Jeffrey Pierce (R-Dresden) recently presented Retired Marine Patrol Colonel Joel Fessenden with a legislative sentiment to honor his 40 year career in the Maine Marine Patrol. Pictured from left to right are Marine Patrol Colonel Jon Cornish, who succeeded Fessenden, Department of Marine Resources Commissioner Patrick Keliher, Senator Paul Davis, Colonel Fessenden, and Representative Jeffrey Pierce.

Penquis students serve their community

MILO - Penquis Valley High School Teacher and Key Club Advisor Kathy Doyon and a few of her Key Club members, Morgan, Jordan, Krista, Ryan, and Jacob, made a presentation to their sponsoring Kiwanis club in Milo on Wednesday, February 11. Despite the early hour of 6:30 a.m., these bright-eyed Key Club members shared a slide show and detailed information about the club's recent and ongoing activities in their community of Milo-Brownville, providing Key Club members with opportunities to provide service, build character, and develop leadership skills.

Key Club President Ryan reported the club has 28 members on their roster and described their activities since the beginning of the year. Their activities include:

- Helping Foxcroft Academy raise funding for the Hospice Hospital
- Sponsoring a Trunk or Treat Halloween event for kids who needed a safe place to trick or treat and participated in Trick or Treat for UNICEF
- Helping the Red Cross with a blood drive by assisting with registration, the canteen, and guiding donors to seats
- Raised money for Kiwanis International Eliminate Project to eliminate maternal and neonatal tetanus
- Helped with the Haunted Hay Ride sponsored by the Milo Recreation Committee
- Participated in local runs, including the Color Run, Domestic Violence Awareness Walk, and the Reindeer Run
- Helped the Milo Elementary School with their annual Fall Frolic
- Helped Three Rivers Kiwanis | Milo-Brownville with the Veterans Day Dinner in Milo by setting up decorated tables, waiting on tables delivering dinners and desserts, and helping with clean up
- Participated in the Welcome to My Home event in Dexter, which is a fundraiser to help the homeless. The club donated clothes, blankets, and canned food. To raise money, the students slept in a box outside all night and had an opportunity to see life through the eyes of the less fortunate. The event raises awareness and raises money and articles for the shelters.
- Offered pizza for sale at high school basketball games, sold DVDs of the basketball tournament, and held a bake sale to raise funds for Key Club members to attend DECON, the District Educational Convention in Springfield Massachusetts, April 10-12

Penquis Valley Key Club members demonstrate a high degree of integrity and ability, meriting our trust and respect, and the Three Rivers Kiwanis is proud and appreciative of their outstanding services to the community.

Three Rivers Kiwanis | Milo-Brownville (established in 1991) meets every Wednesday morning at the Kiwanis Building at 24 Gerrish Road at 6:30 a.m., except the Last Wednesday (be it the fourth or fifth Wednesday of the month), which meets at 6:30 p.m. The public is always welcome. For membership information, call their secretary at 943-6909.

Arts on Film series at Center Theatre

DOVER-FOXROFT: The Center Theatre in Dover-Foxcroft has announced its "Arts on Film" series. "We have our regular movie showings, which will be increasing," says Executive Director Angela Bonacasa, "and the Slightly Off-Center Players perform live theatre regularly throughout the year. But there are so many other types of events that we can't bring to the theatre to perform live, so we are going to bring those kinds of events to the Center Theatre electronically."

Two companies, Spicetastic and ByExperience, specialize in performances by New York's Metropolitan Opera, the Bolshoi Ballet, concerts by internationally known artists, and even live theatrical performances from Broadway and London's West End. The Theatre will be offering one programming event per month, with the possibility of increased offerings later in the year. The first scheduled event is "Aerosmith Rocks Donington", scheduled for Sunday, March 8, at 4 p.m. Other planned events include the Broadway production of "Of Mice and Men" and "Metamorphosis", by the Big Apple Circus.

More information on these shows and other Center Theatre events is available by calling the Center Theatre Box Office at (207) 564-8943, stopping by the theatre at 20 E. Main Street, Dover-Foxcroft from 10 AM-3 PM Tuesday-Saturday, or by going to the website at www.centertheatre.org. The Center Theatre is a non-profit performing arts center dedicated to making the arts a part of life in the Maine Highlands.

“Vote No on Milo \$2 Million Bond”

To the Editor:
Milo residents will vote on a \$2 million Bond package at town meeting Monday, March 9th at 7pm. The Bond provides funds to pave roads and sidewalks, make upgrades to buildings, and purchase equipment.

1. I will be voting NO on the bond for these reasons:
1. The town portion of my property tax has doubled since 2007. 2. Milo property will be de-valued by 30% this year to conform to State valuation. The current property tax rate of \$21.30 will increase to over \$30.00. Increasing from one of the highest in the county to one of the highest rates in the State.
3. Repayment of the Bond requires a rate increase of \$3.40 for a 10 year period or an equal reduction of services.
4. Reductions considered for the first year: No longer funding the library, rec department, and the cemetery.

5. Proposed State reductions in funding from Revenue Sharing and Excise Tax will further increase Milo's tax rate by approximately \$7.00.

6. Milo currently has twice as much debt as carried prior to the Industrial Park purchase and the 2008 paving fiasco. The Bond will increase debt to be 10 times that earlier level.

7. Prior to 2008, paving was paid from town reserves. The 2008 paving fiasco debt will not be fully repaid until 2018.

8. Rising property taxes make it difficult for Milo's aging population to maintain their homes; leading to more vacant/abandoned homes, lower property values, and less property tax revenue for the town.

We need to repair roads, maintain public buildings, and replace necessary town equipment, but this Bond is not feasible. It is too risky to undertake a 10 year \$2 million commitment when our property taxes are already so high.

Join me in voting NO on the Bond.

“...enjoy your tofu...”

To the Editor:
This is in response to “the diet of lent”. First I resent anyone using the bible, Jesus or God to justify their perverted views. Don't you agree that more damage has been done by religious fanatics according to their perverted religious belief than any other group or organization other than politics? When the person who penned the letter “the diet of lent” goes out and stays in the desert and returns and accomplishes all that Jesus is believed to have accomplished, then maybe I would listen to the prophecy of veganism. Sadly the lent argument is eschewed by Cain and Abel. God supposedly preferred burning blood and meat to that of burning plant and vegetable matter. The vegan, Cain, killed the omnivore, Abel, because he was jealous of God's acceptance of Abel's offering and the rejection of his. Hence should all vegans be ridiculed for their belief? Are vegans breaking with God? Are vegans a danger to non-vegans? You see how easy it is to pervert something. I have no idea or knowledge of the eating habits of either Abel or Cain but I believe Jesus and his prophets had a few feasts where the fattest calf and lamb was cooked to perfection.

The human being is an omnivore, meaning a human eats a variety of foods. This includes vegetables, fruits, nuts, berries, birds, eggs, fishes, meat and milk. I didn't make us humans this way; you will have to take that up with a higher power.

As to animal abuse, I have no tolerance for anyone abusing animals. Slaughtering and butchering animals is neither torture nor abuse. It is the continuation of life. For people to live, animals, fish and plants must die. That's the way it is. Yes, plants die for your palates' pleasure just as animals die for mine. The old cycle goes; life gives to death as death gives to life. I didn't make the cycle it just is.

The local grocery store has an ample supply of grass fed beef and wholesome nutritious milk and milk products. They also give out mouthwatering recipes to try. So help all farmers when you visit and buy bread (the staff of life), vegetables (for vitamins and good old fiber), meat (protein, trace minerals, fatty acids), milk (health bone builder) and you help keep the farming economy rolling along.

Again I say to all vegans, enjoy your tofu but for me steak, rare and juicy please.

“Nutrition Panel Tells All”

To the Editor:
The U.S. Advisory Panel on Dietary Guidelines has finally mustered the courage to recommend that Americans eat less meat and dairy products. And not just to lower our risk of heart disease, stroke, cancer, diabetes, and obesity, but also because it slows the rate of climate changes, with its own devastating consequences.

The 572 page report released on Thursday notes that half of all Americans have preventable diet-related chronic diseases and that two-thirds of adults and one-third of children are overweight. It concludes that a dietary pattern higher in plant-based foods and lower in animal-based foods is more health promoting and associated with lesser environmental impact than the current U.S. diet.

The 1977 recommendation that Americans eat less meat was the Senate Select Committee on Nutrition and Human Needs was quashed by the meat industry, and subsequent dietary guidelines panels have been very cautious. The 2010 dietary guidelines panel merely shoved meat and dairy off the official MyPlate icon, representing the U.S. Dietary Guidelines.

Though the experts have now told the truth, our family's health is still up to us. Fortunately, local supermarkets offer a variety of meat and dairy-free options and the internet has lots of advice on vegan recipes and transition tips.
