## Work Health Business Summer Slim Down winner named

ST. ALBANS - Sebasticook Valley Health (SVH) is pleased to announce that Skills, Inc. is this year's winner of the SV Work Health Business Summer Slim Down Challenge. The winning team, "Pounding Pounds," reported a 13% total weight loss or 468 pounds during the 10-week challenge, which was coordinated by Sebasticook Valley Work Health.

"For the second year in a row, the SV Work Health Business Summer Slim Down provides a friendly competition for local businesses to promote weight loss and encourage overall wellness for their employees," said SVH President/CEO and EMHS Senior Vice President.

# Fire Prevention Week

## October 5th through 11th

**Plan Ahead!** *Everyone needs to know what to do and where to go if there is a fire.*

### SAFETY TIPS

- MAKE a home escape plan. Draw a map of your home showing all doors and windows. Discuss the plan with everyone in your home.
- Know at least two ways out of every room, if possible. Make sure all doors and windows leading outside open easily.

- Have an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet.
- Practice your home fire drill at night and during the day with everyone in your home, twice a year.
- Practice using different ways out.

- Teach children how to escape on their own in case you can't help them.
- Close doors behind you as you leave.

### IF THE ALARM SOUNDS...

- If the smoke alarm sounds, get out and stay out. Never go back inside for people or pets.
- If you have to escape through smoke, get low

- and go under the smoke to your way out.
- Call the fire department from outside your home.

MEMBERS OF CARE & COMFORT recently presented a check to the Robbie Foundation during their annual summer Staff Appreciation Day held at Kiwanis Park. Pictured left to right in the front row are Tacie Soden, Sue Giguere, Sue Mackey Andrews, Debbie Webber and Heather Brunner. Back row: Sarah Bailey, Sarah Lopez, Toby Wood, Lee Jellison and Rae-Lynn Crawford.

## Care & Comfort and employees support Robbie Foundation

DOVER-FOXCROFT - Care & Comfort and the staff of their Dover-Foxcroft branch presented a monetary gift to the Robbie Foundation from their Jean Fund campaign.

The mission of the Robbie Foundation (RF) is to raise funds to provide adaptive equipment, assistive technology, therapy treatment, etc. not covered by insurance to improve the quality of life for children with special needs, and to cultivate awareness of the special needs community. RF assists children with developmental disabilities including, but not limited to, physical disabilities, speech and language delays, sensory integrated disorders, cerebral palsy, brain injury, autism spectrum disorders and mental retardation. They serve children between the ages of birth and 20 years residing in the state of Maine.

While making the presentation Susan D. Giguere, Care & Comfort's founder and CEO remarked, "When we were young and planning our future many of us included completing our education, landing the perfect job, finding the love of our life, giving birth to healthy children and living blissfully ever after. Lynn and

## Guest Column Letters to the Editor

### The Militarization of Police and its Effect on Community Policing

Guest Column by Allen Stehleh

There is an increasing concern in our local community over the militarization of the police and the tactics employed to protect citizens from violent criminal offenders. Dexter PD, Bangor PD and all other area law enforcement agencies can receive, and have already received, surplus military equipment from the Pentagon and the U.S. Department of Homeland Security. This concern should be discussed in a transparent manner in our local communities and the residents should cooperate with state, county and municipal law-enforcement agencies to develop a community-policing model that is efficient, effective and non-threatening.

Law-enforcement administrators have a challenging task. They must balance the desirability of community involvement and a problem-solving approach with the safety of officers, the public, and the citizens while reacting to dangerous situations – the minority of cases.

Should the Pentagon and Department of Homeland Security equip our local law- enforcement agencies with surplus massive military vehicles, body armor and grenade launchers from the wars that we fought in Iraq and Afghanistan? Could this training and equipment change the mindsets of law enforcement officers from a community-policing approach toward solving problems to one that views the public as an adversary?

These questions need to be discussed in a transparent manner with the public served to avoid the perception of a war-like “us-versus-them” approach to policing our communities.

Our policing culture came from Great Britain and the visionary Sir Robert Peel, who founded the Metropolitan Police in 1829, and developed nine principles of policing that form the foundation of community policing. Three of Peel’s principles of policing deserve mention, as they reflect directly on this question of militarization and its effect on community policing.

“Police, at all times, should maintain a relationship with the public that gives reality to the historic tradition that the police are the public and the public are the police; the police being only members of the public who are paid to give full-time attention to duties which are incumbent on every citizen in the interests of community welfare and existence,” Peel wrote.

The essence of community policing is based upon this principle and there cannot ever be an “us-versus-them” perception in the minds of police officers or the general public.

Two other principles Peel advocated are as follows: “Police use physical force to the extent necessary to secure observance of the law or to restore order only when the exercise of persuasion, advice and warning is found to be insufficient” and, “The degree of cooperation of the public that can be secured diminishes proportionately to the necessity of the use of physical force.”

Police officers are trained to protect themselves and the public by using the minimal amount of force required to safely enforce the law. The use of force options can range from physical presence to deadly force, and each situation is unique.

One shoe does not fit every foot, and as a community we need to have a transparent discussion in how, or whether we should, limit any use of force options available, including the availability of military type equipment.

To a hammer, everything resembles a nail. I believe this point is the crux of the argument. Just because you have, or can get the equipment, does not mean our local law- enforcement agencies should do so.

It is impossible to predict the future, and there are things that happen that are beyond what anyone thought could ever happen. A good example of this was the North Hollywood shootout in 1997. Larry Phillips and Emil Matamorano, who wore black ski masks, reinforced military-grade body armor and armed themselves with automatic weapons carried out their long-planned robbery of the Bank of America branch. In 44 minutes of gunfire the robbers, carrying more than 3,300 rounds, fired more than 1,100 armor-piercing bullets at more than 300 Los Angeles Police Department (LAPD) officers and citizens. LAPD officers could not match the firepower, and had to go to a local gun shop to get rifles and ammunition to try to match the threat. After this event, the LAPD started to equip their officers with surplus M-16s from the U.S. Department of Defense.

Do we militarize local law enforcement to counter the exception rather than the rule? Is it better to have it and not need it than need it and not have it?

I believe it is better to have all options available for the safety of the officer and the public but only if it does not interfere with what Sir Robert Peel felt was the historic tradition that “the police are the public and the public are the police.”

The discussion continues.

**EDITOR’S NOTE: Allen Stehleh, author of this Guest Column, has more than 30 years of experience in law enforcement and law-enforcement education, and is a resident of Corinth. He is an independent candidate for Penobscot County Sheriff. Send questions or comments to Allen at [www.stehleforsheriff.com](mailto:www.stehleforsheriff.com).**

Letters must reach The Eastern Gazette by 5 p.m. Monday for consideration for Friday publication.*

### “A YES vote will support our work against the East West Corridor...”

To the Editor:  
Many of you may be aware that a Dexter Concerned Citizen group has been meeting regularly for over two years. As a member of that group, I can agree with Lesley Fernow’s remarks and concerns published in last week’s Gazette regarding the East West Corridor. Our group in Dexter has been working to bring awareness of the negative impact that this project would likely bring. We know that the corridor project is not dead and that we need to continue our efforts to protect Dexter. We are aware and grateful for the increasing support from the Dexter community.

In our efforts to find a permanent solution to the EW Corridor, we asked the town council to include a referendum question on the Municipal Ballot in Nov. which asks the voters of Dexter if they want the town to prohibit construction of a corridor thru the town. A YES vote will support our work against the East West Corridor proposal and open the door for the town council to approve an ordinance to protect the rights of Dexter citizens including the right to say no to this project.

Last year, the towns of Sangerville and Parkman passed ordinances to protect their communities from the corridor. Efforts to pass ordinances in other towns were circumvented by those who support the corridor convincing members of those communities that the ordinance would restrict other activities in their towns. This misguided and inaccurate critique of the ordinance has left those communities without protection. As Lesley Fernow suggested, learning about how A Community Bill of Rights Ordinance works enables communities to adopt ordinances that protect citizen rights. The ordinance is intended to remove the debate from the regulatory system and raises the question: Can the citizens of a community adopt an ordinance to elevate their constitutionally guaranteed rights over those who would seek to violate them? These ordinances ONLY restrict a specific development project, in this case the East West Corridor. The Community Bill of Rights Ordinance does not restrict any other construction activities within the town, it only restricts those who seek to build a transportation and distribution corridor thru the town.

There are far too many development projects across our state and our country where corporate interests are allowed to take precedent over citizen efforts to protect the precious resource where we live. Too often people are forced to live where their clean air, water, and natural environment have been compromised by those who only wish to exploit these resources for personal gain. And typically those communities are left without benefit from the development.

Vote YES on the Referendum Question asking if you favor the town of Dexter prohibiting construction of a private transportation and distribution corridor including highways, pipelines, and high tension transmission line.

Linda Tisdale, a Dexter Concerned Citizen, Dexter

### “Life has gone on in Sangerville just as it always has...”

To the Editor:  
On September 18th, 2013 Sangerville passed a Community Rights Based Ordinance banning private and public private transportation and distribution corridors. The purpose of the RBO was to prevent the construction of Cianbro’s proposed East/West Corridor that threatened to bisect the Town.

At the 2013 Sangerville Annual Town Meeting the voters of Sangerville voted unanimously to adopt a moratorium to temporarily prevent the construction of the corridor through the Town and look for a solution to the proposed threat. A group of concerned citizens contacted the Community Environmental Legal Defense Fund and with their help wrote a Rights Based Ordinance (RBO) which later passed by a vote of 86 to 40.

The Sangerville RBO affirms the community’s right to clean air and water, the scenic beauty of their town and the preservation of the ecosystem where they live. It asserts the community’s right to self governance as conveyed through the U.S. and Maine State constitutions. Who better than the local people to decide what kinds of development are appropriate in their Town?

At the time, the opponents of the RBO warned that it could be used by one neighbor to sue another neighbor. They said that the RBO would prevent people from building woods roads and driveways, and it would interfere with utility easements. Local businesses would be harmed, and the Town would be sued.

It is my observation that, now one year later, no one has been sued because of the RBO. Life has gone on in Sangerville just as it always has, with no negative consequences from the passage of the RBO. The East/West Corridor is still a threat, but Sangerville has demonstrated that small communities, when they find their collective voice, can assert their rights and say “No” to unwanted corporate projects. Bravo Sangerville!

Eric A. Tuttle, Guilford

### “What can we do?”

To the Editor:  
Last Sunday, hundreds of thousands marched throughout the world demanding action on climate change. 120 world leaders gathered in New York for the United Nations Summit on Climate Change.

A 2006 UN report estimated that meat production accounts for 18 percent of man-made greenhouse gases. A 2009 article in the respected World Watch magazine suggested that the contribution may be closer to 50 percent.

The meat industry generates carbon dioxide by burning forests to create animal pastures and by combustion of fossil fuels to confine, feed, transport, and slaughter animals. The much more damaging methane and nitrous oxide are discharged from digestive tracts of cattle and from animal waste cesspools, respectively.

In an environmentally sustainable world, wind, solar, and other pollution-free energy sources must gradually replace polluting fossil fuels. Similarly, vegetables, fruits, nuts, and grains must replace polluting meat and dairy products. The large variety of widely available plant-based entrees, lunch meats, veggie burgers, cheeses, and ice creams can certainly help.

Our next trip to the supermarket is a great opportunity to start the transition to a sustainable world. Our favorite internet search engine offers ample product lists, recipes, and dietary tips.  
Ellis Gardner, Dexter

**ROBBIE** *from Page 3*

Robert Gierie's plans for life were similar. They became teachers, found each other and had a very happy child, Robbie. Their life today also includes numerous challenges that weren't in the original plan; their son Robbie was born in 1999 with cerebral palsy."

According to the Foundation, Robbie's disability is quite severe in that he is totally dependent on others for all his daily living needs. As the Gieries raised their exceptionally loving, caring and witty son who is non-verbal and non-ambulatory they learned quickly that access to life-enriching items and therapies could be restricted by financial pressures. Specialized adaptive equipment for communication, education, play and mobility is vital, as is access to various types of therapies such as physical, occupational and speech. Robbie has overcome all odds, thus far, in life and has a very strong "will" in every aspect

of his being. In lieu of all that he has accomplished for himself, he expresses an interest and eagerness to help others. This family combined their knowledge of needs and passion for assisting others to create the Robbie Foundation.

Gieries added, "We know first-hand how difficult it is for families facing similar challenges, as one of the largest home healthcare and mental healthcare providers in Maine, we work with many each day. Whenever we can help a child's life become more fulfilled by assisting an organization who can provide an item or therapy to enhance their abilities, we do. We appreciate that a parent's love for, and commitment to, their child is endless. If we can ease their financial worries a bit, we will. I am overjoyed that our employees chose this organization as the recipient after in-depth consideration."

Sue Mackey Andrews, a Robbie Foundation Board Member,

accepted the donation, shared information about the Foundation's history and its mission and expressed appreciation to Care & Comfort and their employees. "Safety equipment, some medical necessities, therapeutic recreational programs and adaptive devices frequently are not covered by insurance. Your gift will help a child you probably will never know progress as you enabled them to have a particular need met."

This contribution was made possible through proceeds from the Jeans Day Fund, an ongoing collaborative fundraising effort between Care & Comfort and its employees that began 13 years ago. On Fridays, staff may leave their usual work attire at home and wear jeans for a \$2 donation. The company matches every dollar raised, and the employees of each of their five branches select local recipients semi-annually.

## Milo Free Public Library

by Rochelle Williams

MIL0 - Ongoing book sale! There is a nice variety to choose from of authors and subjects (suspense, romance, mystery, etc.). We also have some non-fiction on various subjects. These books reside downstairs in a bookcase and also on tables with a comfy chair to sit and peruse what might interest you. We have a nice selection of children's books as well. Paperbacks are a dime each and hardbacks are a quarter each or 5 for one dollar. Come check it out. You never know what you might find.

Our current adult fiction Special Book Display theme is 'Plant A Seed - Grow Your Mind. Read A Book'. There is a good variety of authors and subjects to choose from and you might find an author that you like that is new to you.

The Summer Reading Program, 'Fizz, Boom, Read' was very successful. Thirty children were signed up which includes the Milo Day Care. The attendance was strong throughout the five week program. Two of the giveaways consisted of growing your own crystals and a growing dinosaur in a fizzing volcano. The kids had a good time with these and I could hardly resist myself. A total of 760 books were read. Keep on reading, kids!! It's fun and important.

We've been adding many donated books, fiction and nonfiction to our collection. We have a very nice selection of varied interests. Come and check them out.

New Books that have arrived: No River Too Wide by Emilie Richards, Close Your Eyes, Hold Hands by Christopher Bohjalian, Heist by Daniel Silva, Now and in the Hour of Our Death by Patrick Taylor, Take Me Home by Dorothy Garlock, The Cat Sitter's Nine Lives by Blaise Clement, The Dead Will Tell by Linda Castillo, The Good, The Bad, & The Emus by Donna Andrews, Hounded by David Rosenfelt, Undiplomatic Murder by Margaret Truman, The Night Searchers by Marcia Muller, Remains of Innocence by J.A. Jance, The Silkwoman by Robert Galbraith, Fast Track by Julie Garwood, For All Time by Jude Deveraux, Written In My Own Heart's Blood by Diana Gabaldon, The Bone Orchard by Paul Doiron, The City by Dean Koontz, Cop Town by Karin Slaughter, The Forsaken by Ace Atkins, Power Play by Catherine Coulter, Sight Unseen by Iris Johansen, and Wayfaring Stranger by James Lee Burke

More new books are on their way. Call 943-2612 or e-mail us at [milolibrary@trcmaine.org](mailto:milolibrary@trcmaine.org) with questions.

### SLIM from Page 1

Terri Vieira. The business that loses the highest percentage of weight among participating employees earns a plaque for display at the place of business as well as a gift card to the community food bank of their choice. The plaque was presented to Maegan Trank on behalf of Skills, Inc., and Patricia Martin accepted the \$100 gift card for the Tri-Town Food Cupboard in Hartland, which Skills, Inc. selected as the recipient of the \$100 donation.

Kathleen Fox, Human Resources Director at Skills, Inc. added, "The Summer Slim Down gave both our employees and the people that our agency supports a friendly challenge that not only created a sense of team within different areas of our organization but also helped participants achieve healthy results."

According to Judy Alton, Director of the Tri-Town Food Cupboard, the donation will enable the food cupboard to purchase a larger quantity of food through the Good Shepherd Food Bank. The Tri-Town Food Cupboard has been serving families in need throughout Hartland, St. Albans and Palmyra for over 20 years.

For more information, contact Jennifer Yarbrough 207.487.4000. Accredited by the Joint Commission, SVH comprises a progressive 25-bed critical access hospital with a wide range of outpatient services throughout the region. SVH is a member of Eastern Maine Healthcare System (EMHS).

## Tri-County Technical Center receives grant

DEXTER - Tri-County Technical Center has been named the recipient of a grant from the Miltiades Fund of the Maine Community Foundation in the amount of \$3,000. Tri-County Technical Center will use these funds to support and enhance the Pre-Technical Program at the technical center.

Usually referred to as Pre-Tech the Pre-Technical Program helps students who may not be experiencing academic success continue their education in a setting designed to connect or reconnect them to school in an exciting hands on environment. Students engage in projects focused on building their skills in science, technology, engineering and math. They do real work with sustainable green energy, locally produced food, agriculture, food preparation and community service. In addition, Pre-Tech students build their reading and writing skills by studying works by Maine authors and examples of relevant contemporary literature. The Pre-Tech program instills excitement about and personal investment in learning in the students who attend. At the end of the one year program students leave Pre-Tech and move forward to other programs at the technical center while continuing their academic endeavors at their sending schools.

Pre-Tech staff is looking forward to documenting how they use this generous grant from the Miltiades Fund of the Maine Community Foundation in order to share the great things the donors made possible for Pre-Tech students. There is no doubt that these funds will make enhancement of an already great program possible. The students and staff of the Pre-Tech program, and Tri-County Technical Center, extend our sincere thanks to the wonderful donors who make the Miltiades Fund of the Maine Community Foundation possible.

## "Loss of A Loved One" support begins October 14

DOVER-FOXCROFT - Pine Tree Hospice will offer an adult support group for those who are grieving the loss of a loved one. The group will meet the second Tuesday of each month, beginning October 14 at 7 p.m. at the Pine Tree Hospice office at 883 West Main Street in Dover-Foxcroft. This group is open to any adult in the community who has lost a loved one, whether recently or in the past.

The group will provide a supportive environment where individuals can share their feelings and tell their stories. Grief is a natural response to loss; shock, sadness, anger, hurt, loneliness, and fear are outward expressions of grief. Through group and individual support, those who are grieving can begin the process of healing, find ways to cope with their loss, and provide strength and support for one another.

Pre-registration for the group is encouraged; contact the office at 564-4346 or wecare@pinetreehospice.org to register.

## Liza Patty-Lugo, Artist-in-Residence

DEXTER - The HJ Crosby Community Band of Dexter has introduced Liza Patty-Lugo as their guest Artist-in-Residence. An accomplished Tuba player, she comes by way of the University of Colorado at Boulder and the University of Florida at Tallahassee from which she holds Masters degrees in Music Performance and in Music Therapy.

Liza (pronounced like "Liza Minnelli") will be playing with the HJ Crosby Community Band and the Dexter Brass. The band will feature her at their Oktoberfest Polka Party at the Dexter Town Hall on October 19, to include her playing the rather difficult Piccolo Solo from Souza's Stars and Stripes.

Liza is also available to the local communities, schools, and colleges for private music lessons, Master Class Level instruction, and as a guest clinician. She can be booked by contacting the Carl R. Cuthbert Community Band Foundation at 924-6235 or email to drcrfor@yahoo.com.

**RENY'S RENOVATIONS** - Renys Department Store in Dexter has recently undergone extensive renovations. Renys's President, John Reny, notes, "Some of the renovations are in sight, some of them out of sight". Changes include: the creation and relocation of new handicapped accessible restrooms for customers; an expanded receiving area to allow smoother transition of freight to the selling floor; re-floored and re-fixed food isles on the first floor and a newly re-fixed portion of the household chemical area on the second floor. Reny adds, "We're in the process of re-shingling the overhead at the front of the store, as well as repaving the back of the store. We hope everyone will come in to see the 'new look' and we thank everyone, customers and employees, for their patience during the renovations." SF Flynn-Z Co. of Scarborough is shown in the photo finishing up the outside carpentry work, and Cameron Paving put down a new base between Renys and the Dexter Town Office, as well as behind the Renys building.

## AND RIGHT ACROSS THE STREET...

**MILLSIDE FITNESS** - The current owners of Millside Fitness have saved a piece of Main Street! Local residents Trampas and Marcy King recently purchased the Millside building located at 26 - 28 Main Street, Dexter. They are very excited to announce that they will be relocating the fitness center to the first floor of the building, offering ground level access to their members. While the group fitness classes and the showers will remain on the second floor, all weights and machines will be located on the first floor. Millside Fitness 24/7 looks forward to better serving its members and the community by making our facility more accessible, improving the visual appearance of the building, and offering more services in the future. Additionally, a new primitive gift and décor store, Woolen Mill Primitives, will be opening in the adjacent store front. This store, owned and operated by Lynn McKusick, is a much welcomed addition to the Millside building and downtown Dexter. The King's are very excited about the future of Millside Fitness 24/7 and Woolen Mill Primitives, as well as the opportunity to keep Main Street, Dexter a viable shopping venue.

In the coming weeks, both the King's and Lynn will be working diligently to transform their spaces and the building to bring their patrons and community members a positive change to Main Street, Dexter.

## RONALD K. BRUDZISZ

DEXTER - Ronald K. Brudzisz, 70, of Dexter, ME, died Wednesday September 24, 2014 at his daughter's home in Berwick, ME surrounded by family. He was born in E. Derry, NH on November 20, 1943, a son of Marian (Fraser) Brudzisz and the late Stanley Brudzisz. Ronald was a US Air Force veteran serving during the Vietnam era. He had been employed for over 40 years as a signal maintainer for the Boston & Maine Railroad. Ronald was a member of the American Legion. He enjoyed being outdoors and going hunting, fishing, nature walks, and spending time with his girls and grandchildren. In addition to his mother of Derry, he is survived by two daughters, Kimberly Lynn Messina and Jennifer Cummings both of Berwick, ME; five grandchildren, including Christina Messina, Brandon Messina,

RONALD K. BRUDZISZ

Sophia Jenkins, Hannah Jenkins and Margaret Cummings; as well as his sister, Debra Webster and her husband Kenneth of Manchester, NH; as well as many nieces, nephews and cousins. Funeral services were held at Peabody Funeral Homes and Crematorium, 15 Birch St., Derry, NH on Monday in the funeral home. The burial with military honors followed in Forest Hill Cemetery, E. Derry. In lieu of flowers, memorial contributions may be made to St. Jude Children's Hospital, 501 St. Jude Place, Memphis, TN 38105. To send a condolence or for more information, please visit, [www.peabodyfuneralhome.com](http://www.peabodyfuneralhome.com)

## WILMA EVELYN (GRAY) ANDREWS

DOVER-FOXCROFT - Wilma Evelyn (Gray) Andrews passed away peacefully at home on Thursday, September 25, 2014. She was born in Foxcroft to Harold L. and Marjorie L. (Foster) Gray on August 4, 1922. Wilma was a life-long resident of the Gray Homestead on Park Street. She graduated from Foxcroft Academy in the Class of 1941, and worked for P.E. Ward for a short time before her marriage to Gordon M. Andrews in March of 1946. She assisted Gordon in his farming efforts and raised three daughters before going back to work at J.J. Newberry and ultimately becoming the manager of the Dover-Foxcroft store. Gordon and Wilma were married for 55 years before his death in March of 2001. Wilma was an active member of the Dover-Foxcroft Congregational Church and enjoyed preparing chicken pies with the members of the "Kitchen Crew" there. Wilma played an integral role in the reorganization of the Southern Piscataquis County Chamber of Commerce, devoting many hours of volunteer time after her retirement. She was also active in the Junior Cosmopolitan Club, Cosmopolitan Club, Garden Club, Percolators Central Grange, and in later years participated in the bi-weekly meetings of the Senior Network where she proudly told her culinary delights for all to enjoy. Thanks to the vigilant care from her daughter, Carol, Wilma spent the last years of her life in the place that she loved the most, the Gray Homestead. Gail spent summers there preparing delicious meals and assisting Carol in the care process as did other family members when they visited the farm. The family wishes to thank three special caregivers, Lacie Clark, Amanda Robinson, and Patty Burhoe; the staff of Community Home Health and Hospice Services and Pine Tree Hospice as well as Dr. Lesley Fernow, who were all essential partners in Wilma's home care. Many friends were faithful visitors in Wilma's home throughout her illness, especially Phyllis Weatherbee, Marie Thompson, Helen Higgins, Donna Hathaway, Nancy Seavey and her three children. Wilma is survived by her three daughters and their families: her oldest daughter, Gail (Bill) Snodgrass of Woodsfield, OH, their two sons, Bill (Jill) Snodgrass of Laurel, MD, Brian (Trish) Snodgrass and their two children, Megan and Justin, of Newark, OH; her middle daughter, Joyce (Mike) Crawford of Clermont, FL, and their two sons, Kyle Crawford (Kim Rizzo) of Florissant, CO, Aaron (Heather) Crawford and their two children, Aidan and Haylee of Clermont, FL; and her youngest daughter, Carol (Steve) Conner of Dover-Foxcroft, and their children, Sarah Harvey of Bradenton, FL, Josh (Amy) Conner and their two children, Adam and Allison, of Dover-Foxcroft, and Chris (Sonya) Conner of Sangerville. Donations in memory of Wilma may be made to the Dover-Foxcroft Congregational Church, PO Box 328, Dover-Foxcroft 04426, or to Pine Tree Hospice, 883 W Main Street, Dover-Foxcroft 04426, or to the Gordon and Wilma Andrews Horizon Scholarship Fund at Foxcroft Academy, 975 W Main Street, Dover-Foxcroft 04426. At Wilma's request, a memorial service and celebration of her life with Rev. Chad Poland officiating, will be planned in the summer of 2015. Arrangements are in the care of the Lary Funeral Home. Condolences and memories may be expressed at [www.laryfuneralhome.com](http://www.laryfuneralhome.com).

WILMA EVELYN (GRAY) ANDREWS

## Card of Thanks

With deep gratitude the family of Dean Thompson wishes to convey their thanks for the many, many expressions of support and sympathy extended to him during his long illness.

To Dr. Reddy, a truly kind and compassionate doctor and friend who was always available to monitor our concerns.

To the staff at Dexter Health Care, a very special thank you for the exemplary care he received from all of you. We were deeply touched by the dignity he was afforded and also by the love and comfort you extended to us. In the final hours you became a part of our family in our loss.

A daughter, Payton Claire Rosebush, to Brooke and Daniel Rosebush of **Dover-Foxcroft** on September 20, 2014. Wt. 7 pounds 12 ounces.

## Foxcroft Academy musical to premiere October 24 in FA gymnasium

**DOVER-FOXCRIFT** - Foxcroft Academy students will be performing the musical comedy **Bugsy Malone** in the FA gymnasium at 7 p.m. on the evenings of Friday, October 24, and Saturday, October 25. **Bugsy Malone** was originally released as a British musical gangster film directed by Alan Parker in 1976. The musical is a gangster flick spoof set in Chicago and loosely based on the Prohibition era, focusing on the exploits of mobsters like Al Capone and Bugs Moran. FA's version will feature great music and dancing, plenty of memorable characters and splurge guns. Rumor has it that this year's show will feature some surprise cameos from local celebrities and the Foxcroft Academy staff.

"The kids have been having a blast so far and the production is coming along nicely," said Director Josh Guthrie, who made the decision to bring the musical back to campus last year. "We've again had tremendous support from FA staff, parents, community members, and local businesses, especially Pleasant River Lumber, which has once again donated much of the materials needed to build our set."

Tickets will be \$8 for adults and \$5 for students and can be purchased at the door. Make sure to arrive at least a few minutes early, as last year's terrific shows in the gym were both close to full capacity.

## Theater tryouts, October 12

**CORINNA** - The Levi Stewart Community Theatre will hold play tryouts on Sunday, October 12 at 2 p.m. and Monday, October 13 at 6 p.m., upstairs at the Stewart Library Building in **Corinna**. There are parts for 5 men and 9 women.

The play, "Virgil's Christmas Catch" by Eddie McPherson, is a charming Christmas comedy the whole family can enjoy. Performances will be at the annual Christmas show on December 5 and 6 at 7 p.m.

The first rehearsal will be on Sunday, October 19 at 6 p.m. Rehearsals will run on Sundays, Tuesdays and Thursdays at 6 p.m.

74 Grove Street, Dexter

HOURS:

Monday through  
Saturday, 10 a.m. - 3 p.m.

CALL FOR STORE HOURS.

**Things we want you to know:** New Retail Installment Contracts and Shared Connect Plan required. Credit approval required. Regulatory Cost Recovery Fee applies (currently \$1.82/line/month); this is not a tax or gsmr. required charge. Add. fees, taxes and terms apply and vary by svc. and eqmt. Offers valid in-store at participating locations only, may be fulfilled through direct fulfillment and cannot be combined. See store or uscellular.com for details. **\$140 Price Plan** based on \$100/mo. 10GB Shared Connect Plan plus 4 lines with discounted \$10 Device Connection Charges each. Retail Installment Contract required to receive discounts, otherwise regular Device Connection Charges apply. Other discounts available for additional Shared Connect Plans. **Contract Payoff Promo:** Offer valid on up to 6 consumer lines or 25 business lines. Must port in current number to U.S. Cellular and purchase new Smartphone or tablet through a Retail Installment Contract on a Shared Connect Plan. Submit final bill identifying early termination fee (ETF) charged by carrier within 60 days of activation date to [www.uscellular.com/contractpayoff](http://www.uscellular.com/contractpayoff) or via mail to U.S. Cellular® Contract Payoff Program 5581-61; PO Box 752257; El Paso, TX 88575-2257. Customer will be reimbursed for the ETF reflected on final bill up to \$350/line. Reimbursement in form of a U.S. Cellular MasterCard® Debit Card issued by MetaBank™ Member FDIC pursuant to license from MasterCard International Incorporated. This card does not have cash access and can be used at any merchant location that accepts MasterCard Debit Cards within the U.S. only. Card valid through expiration date shown on front of card. Allow 12-14 weeks for processing. To be eligible, customer must register for My Account. **Retail Installment Contracts:** Retail Installment Contract (Contract) and monthly payments according to the Payment Schedule in the Contract required. If you are in default or terminate your Contract, we may require you to immediately pay the entire unpaid Amount Financed as well as our collection costs, attorneys' fees and court costs related to enforcing your obligations under the Contract. Upgrade your handset after 12 consecutive payments made on Contract. **Kansas Customers:** In areas in which U.S. Cellular receives support from the Federal Universal Service Fund, all reasonable requests for service must be met. Unresolved questions concerning services availability can be directed to the Kansas Corporation Commission Office of Public Affairs and Consumer Protection at 1-800-662-0027. Limited-time offer. Trademarks and trade names are the property of their respective owners. Additional terms apply. See store or uscellular.com for details. ©2014 U.S. Cellular 140\_RefreshPromo\_Print\_D1\_7\_5x10
