MIKE DELAWARE recently retired after 34 years of service to the Town of Dexter with the Public Works Department including, 22 years as the Public Works Director/Road Commissioner.

The Tree Lighting will take place Friday, December 5, 2014 at 5:30 PM on the Library Lawn in Dexter

Santa Claus will arrive by Fire Truck.

Children’s Christmas party right after.

(Party sponsored by the Playground Committee)
A Seussified Christmas Carol and The Velveteen Rabbit Dec. 12-20

DOVER-FOXCROFT - The Center Theatre and Slightly Off Center Players present a special Holiday Play double feature, with A Seussified Christmas Carol and The Velveteen Rabbit, playing December 12-20. These performances are proudly sponsored by A.E. Robinson, Steinke & Caruso Dental Care, and McKusick Petroleum.

A Seussified Christmas Carol is a whimsical take on the Dickens classic with a Dr. Seuss flair. The all youth cast will take you through Mr. Scrooge's past, present and future in a fun and upbeat one act musical. Narrated by Thing 1 and Thing 2, the rhyming will not skip a beat. It will entertain children and their parents too, and have you dancing in your seat.

The Velveteen Rabbit will follow after an intermission. Having premiered at the New York Children's Theatre Festival in 2012, this production of The Velveteen Rabbit has a twist all its own: puppets. Before rehearsals even started, the actors went through training with professional puppeteer and adaptor of the story Andy Frodohl to bring this play to life.

A Seussified Christmas Carol and The Velveteen Rabbit will run December 12, 13, 14, and December 19 and 20. Tickets are $15 General Admission, and $12 for Theatre members, Seniors and Students, as well as tickets purchased in advance.

For more information about the auditions or performances, please email SOCP@centertheatre.org, call the Center Theatre at 564-8943 or stop by the Theatre at 20 East Main Street, Dover-Foxcroft between the hours of 10 a.m. and 3 p.m. Tuesday through Saturday. To purchase tickets or to learn more about upcoming events at Center Theatre, please call the box office at 564-8943 or visit the theatre's website at www.centertheatre.org.

The Center Theatre is a non-profit performing arts center dedicated to making the arts a part of life in the Maine Highlands.

Winter Concert to feature 300 students

GUILFORD - Piscataquis Community Elementary students from kindergarten through grade six will raise their voices and instruments for parents and friends at their annual winter concert on Wednesday, December 10 at 5:30 p.m. in the Piscataquis Community Secondary School Gymnasium. Under the direction of music teacher Michelle Briggs and physical education teacher Sheryl Allen, the program involves over 300 students and serves up a wide diversity of talent and entertainment.

“We pack a lot of talent into one hour show,” notes Briggs. “The kids work hard, but we also have fun. The kids really enjoy performing for the community.” Briggs also hinted that there will be a special closing number to this year's show in the form of a specially choreographed piece featuring fourth graders. Students and attendees are encouraged to wear “fun festive accessories such as ties, hats and hair pieces” to contribute to the spirit of celebration.

One local resident who rarely misses a concert points out, “These are the kinds of events that put ‘community’ in Piscataquis Community Elementary School. They are today’s version of a ‘Norman Rockwell Moment’ – a picture perfect evening of friends and neighbors gathering together for simple and traditional pleasure.”

The snow date for the concert is Monday, December 15. Updates and additional information will be available on the M.S.A.D. 4 website (http://www.sad4.org) and Facebook Page. There will be an audio live stream available on the district website for those who cannot attend.

Piscataquis County celebrates Hometown Holidays

by Denise Buzzell

PISCATAQUIS - Piscataquis County has chosen one specific day to make this season a prior- ity; giving folks an opportunity to enjoy all the won- der and joy it has to offer.

This year, the schedules sub- mitted for Dec. 6 activities in- cluded the towns of Monson, Milo, Guilford, and Dover-Foxcroft. The Greenville area also held holiday activities on Nov. 29.

In Monson, from 8 - 9 a.m., folks who purchase permits, are asked to drop off their Christmas tree creations in front of the Monson Gym as part of the “Christmas Tree Challenge.” The trees, in this challenge must be made from recyclable/reusable materi- als to construct a 5 - 6 foot tree. The trees will remain on display until 3 p.m. The public can vote for their favorite tree for a $1 donation. The winning tree will be used to purchase winter clothing for local children in need. The 30th Annual Kris Kringle Fair kicks off at 9 a.m. at the Monson Gym, with crafters selling jewelry, fabric items, folk art, wreaths, wreath-making seminars, home- made food, and more. Entries for the Gingerbread House contest must be on the gym by 10 a.m. The audience present on the top creative and well-crafted en- tries. “Christmas in Monson” is running at the Monson Theatre at 7 p.m., with Santa and Mrs. Claus entering the theatre for the audience to “imag- ine” what it would be like to be in the available spaces down- town. The Imagine Tour will run through Union Square Mall with current tenants participating, and the Dover-Foxcroft Mall beginning from 12-4 p.m. Beginning at 1 p.m., Johnston Christmas Trees of Parkman will be sell- ing trees near the fire station. At Center Theatre, children can compose a letter to Santa with the help of Santa’s Elves from 1 - 2 p.m. All letters written to Santa receive a response! NOTE: from Dec 1-5, there will also be the “north pole” mailbox at Will’s Shop n Save. These letters will be picked up by the elves on the 6th! After the letter-writing, at 2 p.m., there will be a story time which includes a puppet show, followed by “A Muppet Christmas Carol” from 3 - 4:30 p.m. Beginning at 4 p.m., enjoy some holiday treats at the Modern Image Salon while you wait your turn for horse- drawn carriage rides on Lincoln St., running until 6 p.m. Visit the Polar Express at the railroad club across from Center Theatre from 3 - 5 p.m. From 4:30 p.m. on, the Derespino sisters will be singing Christmas tunes at the fire station, while awaiting San- ta’s arrival and during his visits with the children. The Festival of Lights Parade will begin at 5 p.m. at Foxcroft Academy and end at the fire station with Santa and Mrs. Claus exiting the fire truck in time for a countdown to the tree lighting. Inside the fire sta- tion, the Foxcroft Academy Band will have food and desserts for you to benefit their trip to march in the Disney parade. There will also be activities and items for sale inside the fire station while Santa & Mrs. Claus greet the children. This year, the choirs of several local churches are coming together for a Community Christmas Concert at Foxcroft Academy; beginning at 7 p.m. Entrance is by donation, benefiting the Piscataquis Santa Project. Each choir will sing two pieces, followed by the combined choirs ending with all choirs, ending the evening with CHORS AND the audience stand- ing. Continued on Page 8

BOB’S SUGARHOUSE CHRISTMAS OPEN HOUSE & “BOB’S” BIRTHDAY CELEBRATION 252 East Main Street, Dover-Foxcroft • (207)564-2145 bob@mainemaplesyrup.com www.mainemaplesyrup.com

...occasional informational letters in this publication."

To The Editor:

I am honored to represent the citizens of House District #119 in the upcoming 127th session of The Maine Legislature. After re-districting, the “new” district #119 is made up of: Abbot, Beaver Cove, Bowditch, Greenville, Guilford, Monson, Parkman, Sangerville, Sebec, Shirley, Willimantic plus the unorganized territories of Blanchard Township, Northeast Piscataquis (including Barnard and Ellsworth Townships) and Northwest Piscataquis.

I would like to extend a sincere “Thank You” to outgoing representative Pete Johnson of Greenville. Pete has served us very well over four terms while always looking out for the best interests of the people of Piscataquis County.

It is my intent to keep constituents updated with occasional informational letters in this publication. I will also be distributing newsletters to anyone that wishes to subscribe. If you wish to receive these newsletters and are currently on Pete’s mailing list you need do nothing. If you are not currently on a mailing list, and wish to be, simply e-mail me at pastearns1955@gmail.com and indicate whether you prefer electronic delivery, hard copy, or both.

I may be contacted at the above e-mail address with any of your legislative needs or concerns. I can also be reached by telephone at home 207-876-3242, cell 207-343-2615 or at the State House (800) 423-2900. Written correspondence should be directed to: Representative Paul Stearns, 2 State House Station, Augusta, Maine 04333-0002.

Best Wishes for the coming Holiday Season and the New Year,

Representative Paul Stearns

House District #119

...coyotes don’t care how the deer is suffering...

To The Editor:

There is something wrong with the way some people think. For example, some worry more about how animals are hunted and killed by man. They should look at what happens when a coyote kills a deer. The coyotes don’t care how the deer is suffering: they just think about eating.

People for the Ethical Treatment of Animals and the Humane Society of the United States have so

many women and children being sexually assaulted each year. They have to live with this for the rest

of their lives.

Joseph Rittano Sr.

Moose River Regulations

by Tim Obrey

MAINE - “The fishing law book is way too simple” said no one... ever. The lawbook can seem convoluted and unnecessarily complicated to some and we continue to strive to simplify where we can. Regulations are meant to protect the resource and provide for a diversity of fishing opportunities. In recent years, we have consolidated regulations into a few options for each species with the occasional special outlier. The extension of the fishing season into the fall months on our stocked and warmwater gamefish waters has added to the level of complexity as we try to balance expanding fishing opportunities, maintaining the fishery, and keeping the lawbook simple and standardized.

Without a doubt, the most frequent complaints we get at the Greenville Office regarding a species are for the Moose River in Rockwood. The Moose River contains spawning and nursery habitat for wild salmon and brook trout that eventually drop downstream into Moosehead Lake. This section of river is very important for maintaining the wild gamefish in the State's largest lake. Rivers like this need to be protected in a manner that reduces hooking mortality on the young fish. We typically recommend artificial lures only or fly fishing only in these cases. Adult fish are concentrated in these narrow, shallow rivers during the spring smelt run and in the fall as they begin their spawning migration, so they must be afforded additional protection, especially in the fall. This is why regulations in rivers and streams typically get more restrictive in August or September.

The section of the Moose River immediately below the Bras-sus Dam downstream to the red posts near what used to be Woody’s Campground includes a unique regulation. Fishing gear in this section is restricted to “casting and trolling with artificial flies only” from April 1 to August 15th. There is a big difference between this regulation and fly fishing only. On waters restricted to fly fishing only, an angler must cast and retrieve using the weight of the line to propel the fly. Therefore, trolling is not allowed and gear is restricted to the traditional fly rod and fly, otherwise it just doesn’t work. Fly fishermen know that the heavier the fly, the more difficult to cast. So, while they can use weighted flies, typically the flies are still made of the normal materials or else anglers simply cannot cast. However, by allowing trolling and casting of artificial flies only, anglers can use spinning rods and the weight of the fly is no longer an issue because anglers are not casting with fly rods. We frequently get complaints from anglers that some fishermen are “stretching” the definition of a fly and really using gear that you and I would commonly call a lure. We hear about anglers using spin rods to cast heavy, lead-head jigs with hair/feathers attached. While this was not the intent of the law, it has become difficult to continue on Page 10
**NOVEMBER TERRIFIC KIDS** - The Terrific Kids awards ceremony for November was held recently at Ridge View Community School in Dexter. The 10 students were honored for attaining their goals by Paula McHugh, the principal. They received a certificate and tokens from the Dexter Kiwanians. This incentive program for 3rd graders is successful because of the cooperation of all involved. The students are, front, left to right: Brianna Packard, Keon Rice, Miles Grant, Holdyn Guenther, Shelby Dyson and Aiden Langlais. Back, left to right: Garrett Tibbetts, Elizabeth Bernard-Whittaker, Hannah Dean, and Keegan Hight.

Cut Your Water Heating Expenses in Half

REPLACE your inefficient electric water heater with a GE® GeoSpring™ Water Heater and SAVE!

A standard electric water heater costs an average of $585 every year to operate. The GE® GeoSpring™ Hybrid Electric Water Heater uses 62% less energy than standard electric water heaters.*

INSTANT SAVINGS: $200!
Hurry!
Instant savings are valid through 12/31/14.

MAIL IN REBATE:**
EFFICIENCY MAINE — $300

NET PRICE:
AFTER INSTANT AND MAIL IN REBATES — $499

*Based on DOE test procedure and comparison of a 50-gallon standard electric tank water heater using 4879 kWh per year vs. the GE® GeoSpring™ Hybrid Electric Water Heater using 1830 kWh per year.
**Must be a customer of the utility. ***Some restrictions and exclusions apply. Consult your tax professional to determine whether you are eligible for tax credits. For more information, visit GeoSpring.com.
