Making A World of Difference

The View from Here is Amazing...

The new 64-slice CT Scan at Sebasticook Valley Health (SVH) provides images that are as good as views you'd otherwise have to travel many miles for, with state-of-the-art "GE ASiR" technology that allows us to reduce radiation to patients without sacrificing image quality.

SVH's new CT suite is larger and more comfortable, offering an enhanced positioning table that provides comfort for all patients.

Come see how amazing the view is from here!
