

POISON PERIL

Poisonings are more common—and more deadly—than you realize

Poisonings are preventable and treatable and there's a resource to help: the **Poison Help line, 1-800-222-1222**, which connects you to your **Poison Help** line. The nurses, pharmacists, doctors and poison experts that staff the line 24 hours a day, 365 days a year, can give you free and confidential advice from how to handle an emergency to how to protect your family from poison dangers. To learn more, visit www.PoisonHelp.hrsa.gov

1-800-222-1222

Call the **Poison Help line, 1-800-222-1222**, if someone you know may have been poisoned or just to ask a question.

Call 911 if someone is unconscious or has trouble breathing.
