

TIPS FOR A SAFE HALLOWEEN

-  Try to Trick and Treat when it's still light outside.
-  Plan a route in advance. Stick to paths that you and your child are familiar with to avoid getting lost.
-  Children should wear their masks on top of their head when walking, and pull them over their face when they reach the door.

-  Stay well lit. Carry a flashlight so you can see, and be seen easily.
-  Make sure all costumes are short. Children should wear clothing short enough to prevent tripping.
